

Animal Cell Culture

Cell Culture Reagents

- Amino Acids and Vitamins
- Antibiotics
- Attachment factors
- Balanced Salts
- Biological Buffers
- Biological Detergents
- Cell Counting and Viability
- Cell Culture Supplements
- Cell Dissociation
- Cell Freezing
- Mycoplasma Kits and Reagents
- Water

Cell Culture Tested Chemicals

- Amino Acids
- Antibiotics
- Biochemicals and Components
- Biological Buffers
- Carbohydrates
- Cell Dissociation Products
- Cytokines & Growth Factors
- Hormone & Hormone Alternatives
- Lipids
- Nucleotides & Nucleosides
- Serum Albumin
- Stains and Indicator Dyes
- Vitamins

Cell Culture Kits

- Cell Assay Kits
- Differentiation Kits
- Melanocyte Isolation Kit
- Mycoplasma Detection and Elimination Kits
- Staining Kits for Cytology

Classical Media

- Insect Cell Culture
- Mammalian Cell Culture

Insect Diet

- Drosophila Diet

Cytogenetics Related Products

- Cytogenetic Media
- Cytogenetic Reagents

Sera

- Adult Bovine Serum
- Fetal Bovine Serum
- New Born Calf Serum
- Other Animal Sera

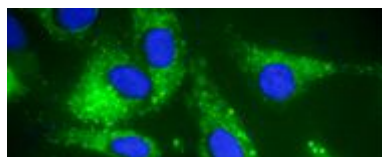

Serum Free Media and Reagents

- Serum Free BHK Medium
- Serum Free CHO Medium
- Serum Free Growth Supplements
- Serum Free Vero Medium

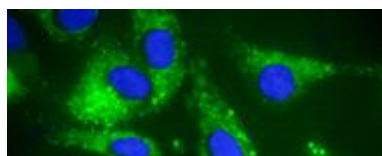

Speciality Media

- Chick Embryo Fibroblast Medium
- HiGlutaXL™ Media
- HybridoXL™ Medium
- LoSera™ Reduced Serum Media

Primary Cells and Media

- Media for Primary Cells
- Primary Cell - Culture Kits
- Primary Cells

Stem Cells And Media

- Media for Stem Cells
- Stem Cell - Culture Kits
- Stem Cells
